- Children & Teen Classes

Image of the Sherwood Forest Branch

The Detroit Public Library is pleased to offer a robust selection of computer classes for customers. Library locations throughout the city provide technology instruction on a wide range of topics, from group classes to one-on-one assistance. In this catalog, you will find courses from basic computer skills, to Microsoft Office software, an introduction to the internet, to help searching and applying for jobs online. The classes are arranged by topic, and within that by library location and date and time. Each section of classes has their own QR code which will allow you to register. If you have questions about specific courses, please contact the library branch hosting that class. For the most up-to-date information please visit our website at: www.detroitpubliclibrary.org
